2 The valuation/rental appeal process

We will consider a valuation appeal if sufficient evidence is provided to support an increased market value or rent; the appeal will be sent to the Surveyor for consideration.

The following evidence should be provided:

- 3 similar property comparables exchanged or completed within the last 3 months.
- Properties provided must be comparable to the subject property E.G the same property type, number of bedrooms, similar gross floor area, in the same locality and ideally the same postcode.

Estate agents marketing letters, details of unsold/unlet properties, automated, indexed, previous or other valuations will not be considered to support an appeal.

Comparable evidence of both new build and second resale properties should be provided to support a new build appeal, highlighting any applicable incentives in Section 4 – Further details.

This completed form and any supporting information should be sent to your regional mailbox. If you're unsure what region applies to you, you can use our BDM lookup tool to find out your case management teams details.

The Surveyor's decision is final – TSB cannot overturn the outcome of a valuation appeal.
